

REMOTE REGISTRY INSTRUCTIONS FOR ACCESS TO LOUISIANA PATIENTS

Due to the natural disaster, Hurricane Katrina, Louisiana has allowed for Full-Access users of the Children and Hoosiers Immunization Registry Program (CHIRP) to access their patient's immunization records via the Remote Registry.

*****Disclaimer: Users with View Only Access and School Users cannot access the Remote Registry. If you need information on a Louisiana patient, please call your Local Health Department.**

How to merge Louisiana Patient into CHIRP (Full-Access users only):

1. Add a new patient from Louisiana to CHIRP
2. Fill out demographic information and Save
3. Click on **Remote Registry** which is found menu bar under **Patient**

4. Click on **Query** button

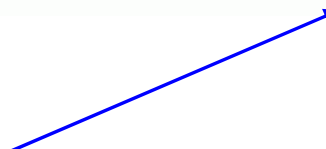

Logged in: RYAN ACHTERBERG TEST

Date: September 2, 2005

A screenshot of a web form titled 'Remote Registry Connections'. The form has a header bar with the title. Below the header, there is a label 'Remote Connection' followed by a dropdown menu that currently displays 'LOUISIANA REGISTRY'. To the right of the dropdown menu is a blue button labeled 'Query'. A blue arrow points from the text 'Query button' in step 4 of the instructions to this button.

5. Select Patient from the list that is provided

- Vaccinations outside the ACIP schedule are marked with an 'X'.
- If a combination vaccine is marked with a 'X', please verify which components of the vaccine are outside the ACIP schedule by viewing the Vaccination Summary.
- Vaccinations administered or recorded in your facility are displayed in blue.
- Compromised vaccinations are highlighted in yellow.
